INTRODUCTION to ITCK

The Italian Chamber of Commerce in Korea (ITCK) is a non-profit organization established in May 2008 with the aim of strengthening, promoting and supporting cooperation between Italy and Republic of Korea.

From the beginning, ITCK has proved to be a reliable link between the two countries and an essential point of reference for all those aiming to establish ties with one another.

The enthusiasm and energy, which have always driven the activities of ITCK, have made it possible to obtain impressive results in a few short years for its members.

The ITCK also has enabled a wide range of companies and business entities to become directly involved in spearheading new initiatives for bilateral investment and trade.

The presence of ITCK in Republic of Korea has proved to be expanded particularly after signing the EU-South Korea Free Trade Agreement in October 2010.

Analyzing the latest market trends, introducing to appropriate government entity or business partner for collaboration, and serving the interests of both Italian and Korean partners are, but not limited to, the goals that drives ITCK.

MESSAGE FROM THE AMBASSADOR OF ITALY

H.E. FEDERICO FAILLA
for the ITCK Membership Directory

Italy and Korea are excellent partners on the global scene, sharing common values such as democracy, rule of law, economic freedom. In the current global scenario, characterized by the global economic consequences of the Russian aggression to Ukraine and the disruption of consolidated global supply and value chains, Italy and Korea are working together, in coordination with like-minded partners, in order to ensure fair rule-based conditions for international trade, investments, and in order to secure safe and reliable supply chains.

Against this background, in 2022 Italy and Korea managed to further strengthen their economic relations. Italian export to Korea recorded a 17.5% growth compared to the previous year, for a total value of 7.9 billion euros. Korean exports to Italy were also positive, growing by 24.8% compared to 2021, for a total value of around 5 billion euros. The total trade is equal to about 13 billion Euros. In particular, Italy represents the 16th exporting country to Korea (+4 positions compared to 2021). In Europe, Italy is preceded only by Germany (8th), while it precedes the Netherlands (17th), France (20th) and the United Kingdom (23rd). Italian exports are mainly driven by the sectors of fashion and textile products (37%), machinery (12.4%), food and beverage products (7.4%).

Korea therefore represents the first Asian market for per capita value of Italian exports, ahead of China, Japan, India and Singapore. Korea also represents the third largest market in Asia in absolute value only after the PRC and Japan, as well as fifth largest non-European market. Korean market is gradually reaching the value of the Japanese market (the absolute value of Italian exports to Korea is equal to almost 90% of those to Japan), despite the Japanese population being 2.5 times that of Korea.

In 2022, the Embassy of Italy in Korea and ITCK, together with the Italian Trade Agency in Seoul, made joint efforts in order to organize large economic and trade initiatives, aiming at offering further occasions to strengthen business relations between Italy and Korea in many different sectors.

For instance, thanks to ITCK efforts, since its establishment in 2016, the World Week of Italian Cuisine has evolved into a highly anticipated event in Korea, dedicated to the promotion of the rich Italian food and wine tradition. Last year, the Gala Dinner was a resounding success. The eleventh edition of the Italian Food Festival further served to promote Italian culinary tradition.

Finally, I am confident that the ITCK planned initiatives for 2023 will surpass previous achievements, capturing the attention of an even larger audience. By leveraging the experiences and insights gained from past collaborations, I trust that ITCK aims to deliver an even enhanced and more diverse range of engaging events, establishing itself as the true bridge between the Italian and the Korean business communities.

I wish the best of success to ITCK and its members!

The Ambassador of Italy Federico Failla

MESSAGE FROM THE PRESIDENT

Mr. Andrea Verazzi
for the ITCCCK Membership Directory

Dear Members and Friends,

First of all I would like to thank you all for having given me the opportunity to represent the ITCCCK as new President of the Chamber, role which I'm honored to cover.

2022 witnessed the progressive release of the social restrictions due to COVID-19 and ITCCCK was able to restart with the historical *Aperitivo Italiano* as well as a wonderful *Gala Dinner* where many stakeholders of the Chambers could meet and spend a joyful evening.

We intensely worked on activities like the *B2B* delegations and meetings, the *Ospitalità Italiana* award and the *Italian Food Festival* and also launched some new interesting initiatives which we will be repeated in 2023 like:

- The first edition of *Buy.it*, connecting Italian Companies and Korean importers. In this edition the focus has been on the Agrifood but we're working to extend this soon to other sectors;
- The *Italian Wine Tasting initiative*, in collaboration with *Slow Wine* and *Vini del Piemonte*, aiming to let our Korean stakeholders taste some of our most interesting wines.

Aside from this I am proud to announce the creation of an *Advisory Board* within ITCCCK, having the goal of further fostering our initiatives and new projects as well as the image of our beautiful country here in Korea.

I would like to express my special thanks to the former President of the ITCCCK, Mr. Francesco Fussi, who worked untiring and successfully in the difficult times of pandemic in order to promote and coordinate the activities of the Chamber, our Secretary General Jacopo Giuman and his team for their passionate work, as well as our Board of Directors for their active contributions.

A special thank has to be addressed to His Excellency the Italian Ambassador Federico Failla and the Italian Embassy, for their continuing support and friendship, as well as all the Italian Chambers and Government Institutions for their guidance.

I also would like to give a warm welcome to Mr. Ferdinando Gueli, the newly appointed Director of the Italian Trade Agency (ITA), looking forward to working closely with him and the whole ITA team to jointly achieve our goals.

Last but not least I express my gratitude to our loyal and increasing Members whose satisfaction remains our first and ultimate scope.

Wishing all the members a prosperous 2023 for the activities you're bringing on and wishing to the Chamber itself to be more and more supportive for all the activities of our members.

I wish you all a successful 2023!

ITCCCK: Italy & Korea, closer than ever.

ITCCCK President
Andrea Verazzi

MESSAGE FROM THE SECRETARY GENERAL

Mr. Jacopo Giuman
for the ITCCCK Membership Directory

Dear Members of the Italian Chamber of Commerce in Korea,

I would like to take this opportunity to express my gratitude and honor for serving as the Secretary General of the ITCCCK for the past five years. It has been a privilege to work with all of you and witness the growth and resilience of our organization during these challenging times.

The past few years have presented significant challenges for both Italy and South Korea due to the Covid-19 pandemic. However, amidst these difficulties, we have also seen remarkable changes and developments in our economies, particularly in the areas of digitalization and innovation.

I would like to take this opportunity to reflect on the year 2022 and express my gratitude for the positive developments and new activities that took place. It was a year that marked a gradual return to normality, allowing us to resume and add new initiatives to our agenda.

One notable addition was the introduction of "Buy.IT," a collaborative project that aimed to promote and support Italian products and businesses in Korea. This initiative provided valuable opportunities for Italian enterprises to connect with Korean importers and further strengthen bilateral trade relations.

Furthermore, we had the pleasure of collaborating with *Slow Wine*, an esteemed organization dedicated to promoting the culture of wine and the pleasure of announcing the kickoff of the Erasmus for Young Entrepreneur project, which aims to foster entrepreneurship and exchange between Europe and Korea.

In addition to these new activities, we were able to revive and enhance some of our established initiatives. The Italian Food Festival, a much-loved event, once again delighted attendees with a diverse range of authentic Italian cuisine and cultural experiences. Likewise, the ITCCCK Gala Dinner provided a platform for networking and celebration, reinforcing the bonds between our members and the Italian and Korean business communities.

I would like to take a moment to express my heartfelt appreciation to Mr. Francesco Fussi, our former President, for his unwavering dedication and commitment to the Chamber's cause over the past four years. His leadership and vision have been instrumental in driving our success, and we are immensely grateful for his contributions.

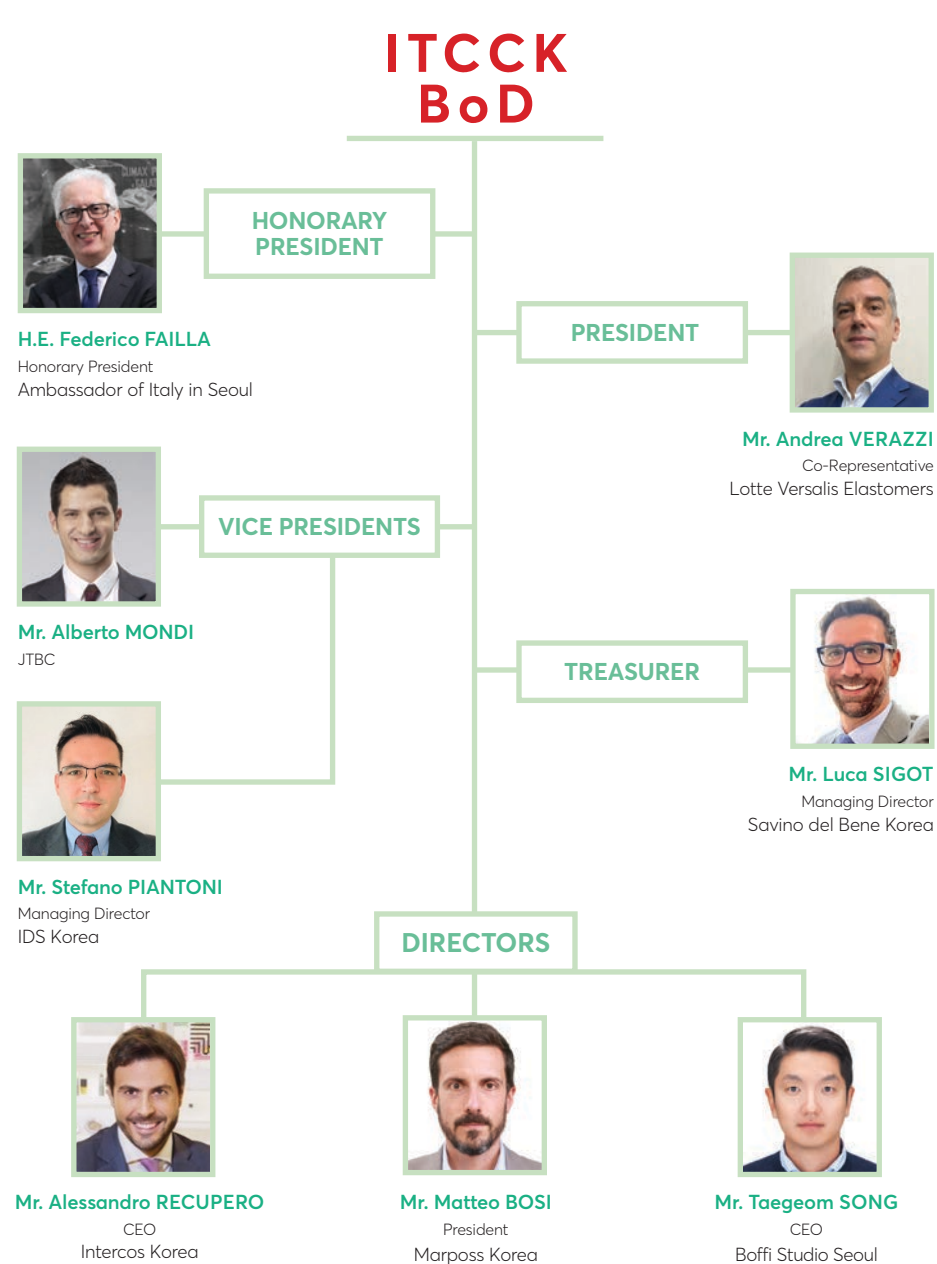

I also extend my congratulations to Mr. Andrea Verazzi, our newly elected President, and all the members of the new Board of Directors. I have full confidence in their abilities to lead the Chamber and take it to new heights.

As we move forward into the future, I am filled with optimism and enthusiasm for the projects and events that lie ahead. The ITCCCK remains committed to fostering trade opportunities, providing consultancy services, and facilitating networking for Italian and Korean enterprises. With the positive trajectory of bilateral trade and the continued support of our members, I am confident that 2023 will be a year of further growth and success.

Thank you for your ongoing support, and I look forward to working together to strengthen the ties between Italy and South Korea.

Best regards,

Secretary General
Jacopo Giuman

Invest in Italy

Historically speaking, Italy has not only played a determining role in the development of the Mediterranean region but in the XV-XVI century also founded a whole new way in which the Europe perceives the world and itself, giving birth to an essential cultural movement famously known as "Rinascimento" or Renaissance.

During that period, Italy and Europe opened themselves to the "new world" with the discovery of America. In doing so, they boosted their economies thanks to the intensification of international commerce and trade. Moreover, Italy has historically played the role of "bridge" between the East and the West, becoming the first western country to establish commercial relations with China and other eastern countries. Italian international trade sector has developed throughout the centuries, thereby building solid basis in international commerce and allowing the country to become an elite competitor with first-class products.

Today Italy is also renowned all over the world for its brands, frequently ranking first in all the productive sectors. In terms of commerce, the main sectors of the Italian economy are light manufacturing, transportations, agriculture, energy and tourism.

The Italian economy is based on a considerable number of small and medium enterprises, which guarantee the highest quality implied by the "Made in Italy" concept.

Crafted with care, for taste of love, Damgeum always provides the best in town.

"Damgeum" comes from a noun form of a uniquely Korean verb "Damgeuda," which describes a method of food or alcohol making over a long period of time that requires consistent tending. (Oftentimes, Damgeum food, such as kimchi or soybean paste, involve fermentation, and meticulous temperature control over years or even generations.) This word perfectly represents our spirit, fondness, and devotion to Italian cuisine and Italian culture. Everyday, we pour our hearts into our dishes, as our food is not only what we sell but also what we stand for.

Now certified by the Italian government, Damgeum owes its humble beginning to three chefs' extraordinary love for Italian culture. Our tantalizing flavors result from a marriage of the time-honored craft of making authentically Italian-style gelato and fastidious research with extreme delicacy by three chefs who drawn from twelve years of apprenticeship and life in Italy imbued them with culinary passion. Yet, the chefs' past expertise lie in uniquely distinct fields, adding the uniquely "Damgeum" kick to the making of our gelato: one majored in Nutrition; the other worked as a visual merchandiser(VMD) at a major corporation; and the last was involved in a field of scientific research as a scientist. Opening its first location in 2017 as a gelateria with handcrafted gelato with all-organic ingredients, Damgeum soon open the cafe area in 2019, and further expanded its venue in 2021 as an Italian bar where simple delicacies, such as artisanal baked goods, brunch food, and aperitivi, could be enjoyed. Damgeum's faith in the irreplaceability of craftsmanship, tradition, and honesty push us to source only the highest quality ingredients and make everything from scratch. From our handmade sauce to every single cuisine, our healthful food will provide you a little Italy-on-a-plate experience without leaving you feel bloated and with no burden on your diet.

All three branches of Damgeum are directly owned and managed, and we passionately hope to create hospitable spaces filled with warmth where Italian culture will be cordially introduced to everyone the way it was to us.

At any of our three locations, you will find our attentive employees greeting you with big smiles on their faces. At any of our three locations, or with whatever you order, Damgeum guarantees you nothing but the best in town.

"The Accelerator of the Italian Wine ecosystem in the World"

Argea was born in 2022 from the acquisition of Botter by private equity group Clessidra, and the subsequent entry of Mondodelvino Group. Since March 2023, Zaccagnini's wine assets were also integrated into Argea.

Argea was born with the ambition to be the accelerator of the Italian wine ecosystem in the world -combining expertise in the production of DOC and DOCG wines and their marketing in international markets, while also promoting a culture of sustainable development among the producers and people it collaborates with.

Mondodelvino Korea was established in 2015 with the slogan of "Popularization of Italian Wine" in Korea with the direct investment of Mondodelvino Group. Mondodelvino Korea introduces Korean consumers quality wines from major Italian wine regions, such as Piedmont, Veneto, Emilia-Romagna, Toscana, Puglia, and Sicily and, at the same time, promulgates the philosophy of "Wine is Fun!" through wine tasting events, wine markets, performance events, winery tours, etc.

"An Enduring Passion for Fabric, Innovative and Quality since 1910" The Zegna Korea Group today is one of Italy's most famous family driven enterprises. Over the last century the business gene and entrepreneurial spirit has been passed down through the generations, ensuring that the name Zegna remains synonymous with pioneers of business. There is far more to Zegna's success than this though a strong and consolidated business culture that allows young talents to emerge in the company-wide quest for quality, and a constant focus on customers and people.

Zegna Group's philosophy is based in three principles:

Long-term objectives

Family ownership to ensure continuity

A sound ethical commitment enshrined in a rigorous corporate governance system.

ADM Srl - LATTERIA DEL CURATINO

Mozzarella Concept

Activities

The business idea was born in 2013 from two businessmen from Campania, Antonio Petrosino and Michele Ponticelli, owners of the PCA-Comat (<http://www.comatonline.com/>), a multinational active in the sector of the production of machineries for dairy products, and Podere dei Leoni (<http://www.poderedeileoni.com/>), producer of dairy products which are distributed all around the world. Both the companies have been present on the international market for 25 years.

People from Campania, going around the world, sometimes miss something good, a fast and fresh snack: mozzarella! Mozzarella could even be found at the supermarket, left in the fridge without the awareness of its real taste and the right temperature to serve it. From these considerations, the idea of realizing stores which could offer a "just made, fresh and pure" product was born.

First, it's the one who floats the literal gelato.

Second, the person who provides the top news sense means that Scooper makes the best gelato and provides it to guests.

Cha Sanghyuck Gelatiere learned gelato in Italy. He loves Italian culture and people and has a good understanding of Italy.

The menu at Scooper gelato includes traditional dishes such as pistachio, hazelnuts and strachiatella, as well as dishes made with Korean characteristics such as mugwort rice cakes and black sesame seeds.

The traditional Italian menu uses Italian ingredients to make it more Italian, and fresh fruits and ingredients are carefully crafted from gelato and sorbetto.

Since 2016, we have been running gelateria stores and have been working to create the best gelato for 8 years.

In the future, we will do our best to satisfy the traditional taste and new taste at Scooper gelato.
