INTRODUCTION to ITCK

The Italian Chamber of Commerce in Korea (ITCK) is a non-profit organization established in May 2008 with the aim of strengthening, promoting and supporting cooperation between Italy and Republic of Korea.

From the beginning, ITCK has proved to be a reliable link between the two countries and an essential point of reference for all those aiming to establish ties with one another.

The enthusiasm and energy, which have always driven the activities of ITCK, have made it possible to obtain impressive results in a few short years for its members.

The ITCK also has enabled a wide range of companies and business entities to become directly involved in spearheading new initiatives for bilateral investment and trade

The presence of ITCK in Republic of Korea has proved to be expanded particularly after signing the EU-South Korea Free Trade Agreement in October 2010.

Analyzing the latest market trends, introducing to appropriate government entity or business partner for collaboration, and serving the interests of both Italian and Korean partners are, but not limited to, the goals that drives ITCK.

MESSAGE FROM THE AMBASSADOR OF ITALY

H.E. FEDERICO FAILLA

for the ITCCCK Membership Directory

Dear Members of the Italian Chamber of Commerce in Korea,

Two years on from the Covid19 pandemic and its consequences which hit countries globally, 2022 stands as a crucial year for the global fight against the virus and for stimulating the economic recovery.

These past two years have put a strain on the international economic order, and we all have been facing totally unexpected and constantly evolving emergencies, not only in economic terms. The year 2022 brings with it renewed hopes and wishes for a full return to pre-crisis bilateral relations, including trade and commercial ties. Italy and the Republic of Korea are working in this direction, seeking to offer an ever-growing number of initiatives and meeting opportunities.

As all of you know, even in the face of the restrictions that we all had to endure in 2021, the Italian Embassy in Korea and ITCCCK worked together to organize important events, to offer occasions for strengthening the network between Italy and Korea in many different sectors.

I would like to stress a few of them and I am confident that in 2022 the new planned appointments will reach an even greater audience.

Since its establishment in 2016, the World Week of Italian Cuisine has become a highly anticipated event in Korea, dedicated to the promotion of the Italian food and wine tradition. Last year the theme chosen was "Tradition and perspectives on Italian cuisine: awareness and enhancement of food sustainability". The many events held, among which the Cooking class with Chef Paolo de Maria, the "Italian Hospitality" certificate delivery ceremony and the final business dinner jointly organized with the Chamber of Commerce, were a huge success. Let me use this occasion to invite you to the 2022 edition, which will be held in the 3rd week of November.

A further project that I was particularly invested in was "The Italian Job", an initiative launched last December, on the occasion of the inauguration of the Italian Studies Center at the Italian Department of the Hankuk University of Foreign Studies. The project seeks to bring Korean citizens who studied and can speak Italian closer to Italian companies in search of cultural mediators. The new recruiting platform is featured on the Italian Chamber of Commerce official website, gathering and publishing job offers of ITCCCK's members to help them find the perfect candidate for the openings. "The Italian Job" represents a major link between our countries, as it seeks to bridge the gap, not only between our two languages, but also between our two cultures, bringing us even closer.

As you know, 2021 was a record year for commercial relations between Italy and Korea. I can only welcome the increase of exchange between our countries: data show that in 2021 Italian exports towards Korea recorded a +20,3% growth compared to the previous year, for a total value of over 8 billion dollars, reaching its highest level ever: automotive, fashion and industrial machinery were the sectors which registered the most outstanding trends.

As we look ahead, I am confident that we can continue this momentum and achieve even more.

I am also even more confident that, despite the challenges ahead of us, we will succeed in building an economic system capable of valuing our dearest principles of sustainable development and green innovation, which became the priority of Italy's foreign policy in the year of Italy's G20 presidency and the co-presidency of COP26.

THE AMBASSADOR OF ITALY
Federico Failla

MESSAGE FROM THE PRESIDENT

Mr. Francesco Fussi
for the ITCCK Membership Directory

Dear Members and Friends,

I am very pleased to say that, notwithstanding the enduring restrictions, in 2021 the ITCCK was able to honor its mission in a sustainable way.

I am particularly proud to say that, while forced to carry out many activities with limitations, we managed to launch a few initiatives for the future development of the ITCCK, amongst which:

- new mobile-friendly ITCCK website allowing the geo-localization of our Members (see sections where-to-eat or where-to-buy)
- web-based recruitment platform, The Italian Job, aimed to bridge job seekers and job opportunities within the increasing Italo-Korean community
- more inclusive Membership Structure reflecting the different nature and goals of our Members (now also including Individual Members)

In 2022 we will continue to work on some ITCCK distinctive activities such as the Italian Food Festival, the Ospitalità Italiana Awards (from this year extended also to Gelato and Pizza), while new activities will be added, like the Erasmus for Young Entrepreneurs (EYE) project.

Thanks to the progressive release of social distancing, many activities will likely resume to their original form, like B-t-B delegations and meetings, as well as the periodical Aperitivo Italiano.

For this hard work and the achievements, I would like to thank our Secretary General Jacopo Giuman and his devoted staff, our Board of Directors for their passionate and active contributions, His Excellency the Italian Ambassador Federico Failla and the Italian Embassy, for their continuing support and friendship, all the Italian Chamber and Government Institutions for their guidance and, last but not least, our loyal and increasing Members whose satisfaction remains our ultimate scope.

Looking forward to a brighter and connected future together.

ITCCK: Italy and Korea closer than ever!

ITCCK PRESIDENT
Francesco Fussi

MESSAGE FROM THE SECRETARY GENERAL

Mr. Jacopo Giuman
for the ITCCK Membership Directory

Dear ITCCK Members,

As 2022 marks my fourth year as the Secretary General of the Italian Chamber of Commerce in Korea, I want to express my honor and privilege for me to cover this role and my gratitude towards our members.

These past few years amidst the Covid-19 pandemic have been challenging for both Italy and South Korea, but the hardships we endured also brought disruptive changes and developments in our economies, such as a major shift towards digitalization and innovation.

As in 2020, we are still facing social distancing restrictions due to the pandemic however, ITCCK, together with its members, was still able to organize and promote a few important events, both online and offline. In 2021, within the "True Italian Taste" project, promoted and supported by the Italian Ministry of Foreign Affairs and International Cooperation and Assocamerestero, the ITCCK has held various gastronomical events dedicated to the discovery and rising awareness about the consumption of 100% Italian products.

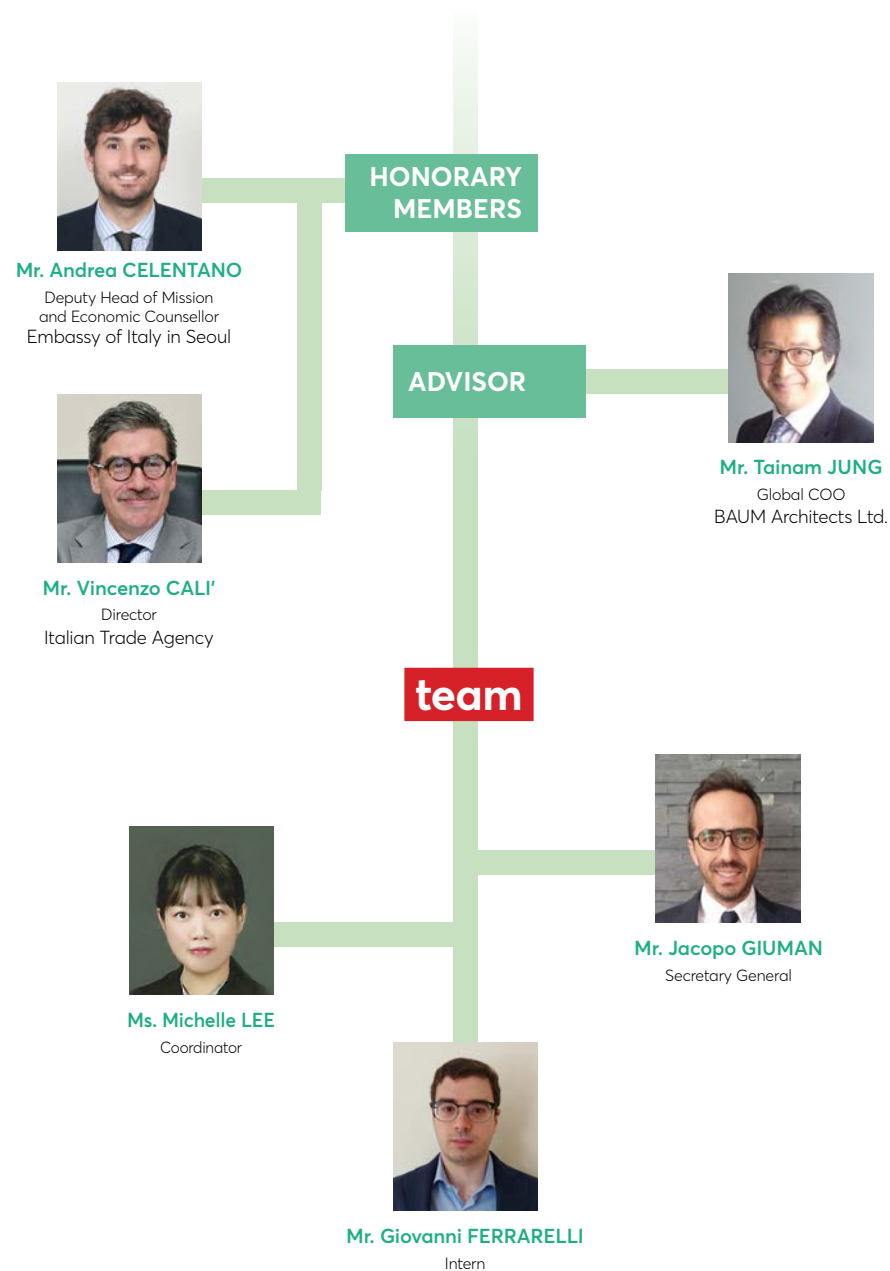

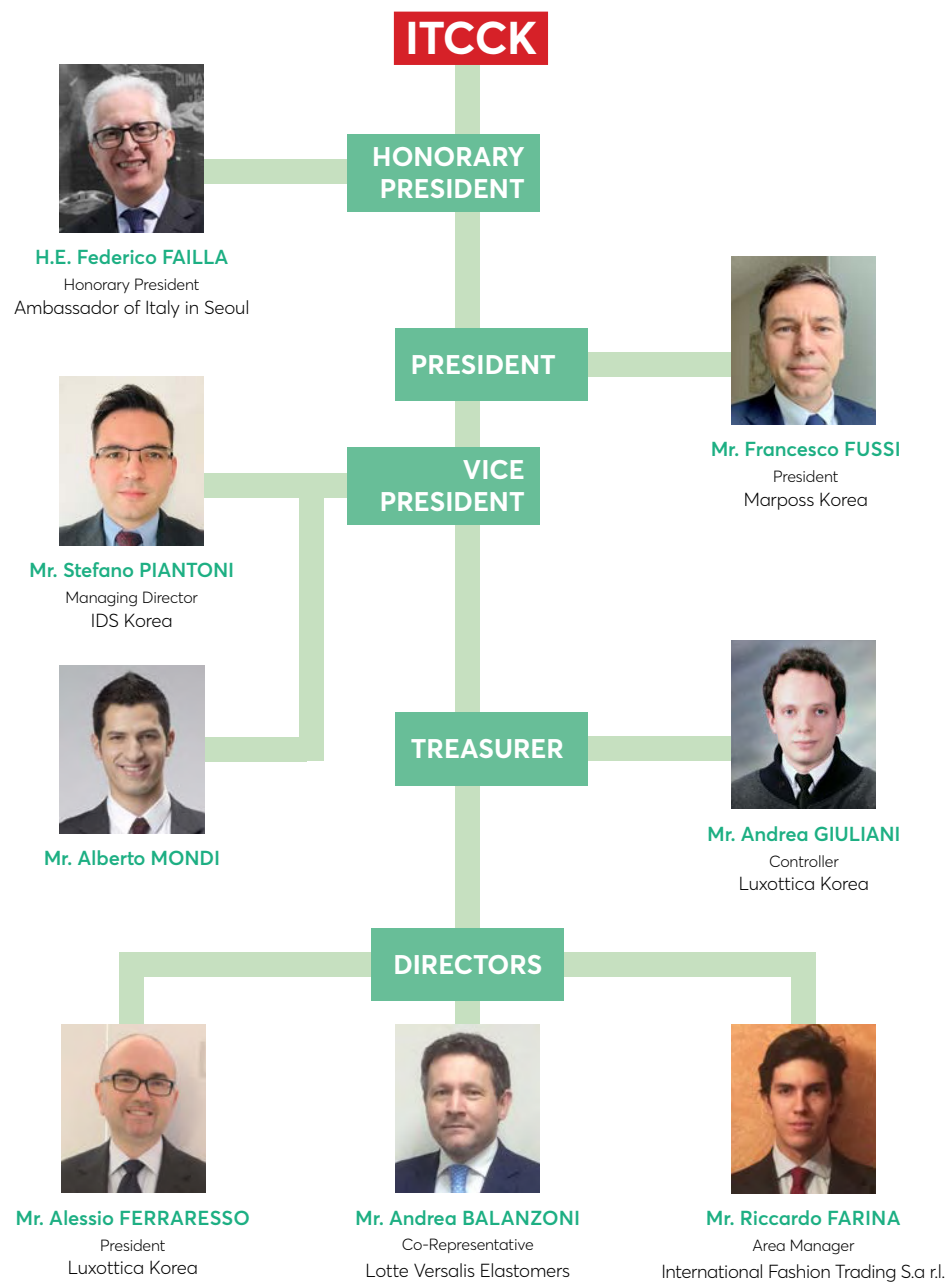

Last year, the ITCCK has also held three different masterclasses dedicated to the discovery and tasting of Italian products, accompanying the participants on a gastronomical journey as they were introduced to their history and peculiarities. During one of these events, the three first Italian gelaterie in Korea were awarded the "Ospitalità Italiana" certification. We concluded the year with the 10th edition of the Italian Food Festival, and a final business dinner with the participation of various members and organizations.

Given the social distancing restrictions, we were very grateful and proud that we were able to carry out these events for our members, further developing and strengthening the ties between Italian and Korean businesses. We also brought a major update to our website, with improved design and new functions, such as "The Italian Job" platform and the "Where to eat" and "Where to buy" features.

ITCCK strives to further strengthen its business activities in the areas of consultancy and networking, fostering and facilitating trade opportunities for both Korean and Italian enterprises. This year brings hopeful signs of economic recovery, especially as 2021 has registered exponential growth and a record for bilateral trade between the two countries. In conclusion, I hope that 2022 will be the year of a gradual return to normality, as ITCCK is looking forward to promoting and participating in new projects and events, putting its utmost effort into developing and supporting relations between Italy and South Korea.

SECRETARY GENERAL
Jacopo Giuman

Invest in Italy

Historically speaking, Italy has not only played a determining role in the development of the Mediterranean region but in the XV-XVI century also founded a whole new way in which the Europe perceives the world and itself, giving birth to an essential cultural movement famously known as "Rinascimento" or Renaissance.

During that period, Italy and Europe opened themselves to the "new world" with the discovery of America. In doing so, they boosted their economies thanks to the intensification of international commerce and trade. Moreover, Italy has historically played the role of "bridge" between the East and the West, becoming the first western country to establish commercial relations with China and other eastern countries. Italian international trade sector has developed throughout the centuries, thereby building solid basis in international commerce and allowing the country to become an elite competitor with first-class products.

Today Italy is also renowned all over the world for its brands, frequently ranking first in all the productive sectors. In terms of commerce, the main sectors of Italian economy are light manufacturing, transportations and, on the whole, services.

The Italian economy is based on a considerable number of small and medium enterprises, which guarantee the highest quality implied by the "Made in Italy" concept.

"An Enduring Passion for Fabric, Innovative and Quality since 1910" The Zegna Korea Group today is one of Italy's most famous family driven enterprises. Over the last century the business gene and entrepreneurial spirit has been passed down through the generations, ensuring that the name Zegna remains synonymous with pioneers of business. Growth has been possible through shrewd diversification of the offering, which now ranges from clothing to accessories, and strategies which have enabled the Ermenegildo Zegna brand to grow successfully throughout the world.

There is far more to Zegna's success than this though a strong and consolidated business culture that allows young talents to emerge in the company-wide quest for quality, and a constant focus on customers and people.

Zegna Group's philosophy is based in three principles:

- Long-term objectives
- Family ownership to ensure continuity
- A sound ethical commitment enshrined in a rigorous corporate governance system.

Today the company is led by Gildo as CEO; Paolo is Chairman, Anna is Image Advisor and President of the Fondazione Zegna, Benedetta is Talent Manager, Laura who is Head of the Oasi Zegna and Renata who sits on the Board of Directors of the Group.

ADM Srl - LATTERIA DEL CURATINO

Mozzarella Concept

Activities

The business idea was born in 2013 from two businessmen from Campania, Antonio Petrosino and Michele Ponticelli, owners of the PCA-Comat (<http://www.comatonline.com/>), a multinational active in the sector of the production of machineries for dairy products, and Podere dei Leoni (<http://www.poderedeileoni.com/>), producer of dairy products which are distributed all around the world. Both the companies have been present on the international market for 25 years.

People from Campania, going around the world, sometimes miss something good, a fast and fresh snack: mozzarella! Mozzarella could even be found at the supermarket, left in the fridge without the awareness of its real taste and the right temperature to serve it. From these considerations, the idea of realizing stores which could offer a "just made, fresh and pure" product was born.

Damgeum

Italian Bar (Gelateria, Caffè)

Activities

Crafted with care, for taste of love, Damgeum always provides the best in town.

"Damgeum" comes from a noun form of a uniquely Korean verb "Damgeuda," which describes a method of food or alcohol making over a long period of time that requires consistent tending. (Oftentimes, Damgeum food, such as kimchi or soybean paste, involve fermentation, and meticulous temperature control over years or even generations.) This word perfectly represents our spirit, fondness, and devotion to Italian cuisine and Italian culture. Everyday, we pour our hearts into our dishes, as our food is not only what we sell but also what we stand for.

Now certified by the Italian government, Damgeum owes its humble beginning to three chefs' extraordinary love for Italian culture.

Our tantalizing flavors result from a marriage of the time-honored craft of making authentically Italian-style gelato and fastidious research with extreme delicacy by three chefs who drawn from twelve years of apprenticeship and life in Italy imbued them with culinary passion.

Yet, the chefs' past expertise lie in uniquely distinct fields, adding the uniquely "Damgeum" kick to the making of our gelato: one majored in Nutrition; the other worked as a visual merchandiser(VMD) at a major corporation; and the last was involved in a field of scientific research as a scientist.

Opening its first location in 2017 as a gelateria with handcrafted gelato with all-organic ingredients, Damgeum soon open the cafe area in 2019, and further expanded its venue in 2021 as an Italian bar where simple delicacies, such as artisanal baked goods, brunch food, and aperitivi, could be enjoyed.

Damgeum's faith in the irreplaceability of craftsmanship, tradition, and honesty push us to source only the highest quality ingredients and make everything from scratch. From our handmade sauce to every single cuisine, our healthful food will provide you a little Italy-on-a-plate experience without leaving you feel bloated and with no burden on your diet.

All three branches of Damgeum are directly owned and managed, and we passionately hope to create hospitable spaces filled with warmth where Italian culture will be cordially introduced to everyone the way it was to us.

At any of our three locations, you will find our attentive employees greeting you with big smiles on their faces. At any of our three locations, or with whatever you order, Damgeum guarantees you nothing but the best in town.

Scooper Gelato

Gelateria

Activities

Scooper gelato is a gelateria run by Cha Sanghyuck Gelatiere.

The mutual name Scooper has two meanings.

First, it's the one who floats the literal gelato.

Second, the person who provides the top news sense means that Scooper makes the best gelato and provides it to guests.

Cha Sanghyuck Gelatiere learned gelato in Italy. He loves Italian culture and people and has a good understanding of Italy.

The menu at Scooper gelato includes traditional dishes such as pistachio, hazelnuts and strachiatella, as well as dishes made with Korean characteristics such as mugwort rice cakes and black sesame seeds.

The traditional Italian menu uses Italian ingredients to make it more Italian, and fresh fruits and ingredients are carefully crafted from gelato and sorbetto.

Since 2016, we have been running gelateria stores and have been working to create the best gelato for 7 years.

In the future, we will do our best to satisfy the traditional taste and new taste at Scooper gelato.
