## INTRODUCTION to ITCK

The Italian Chamber of Commerce in Korea (ITCK) is a non-profit organization established in May 2008 with the aim of strengthening, promoting and supporting cooperation between Italy and Republic of Korea.

From the beginning, ITCK has proved to be a reliable link between the two countries and an essential point of reference for all those aiming to establish ties with one another.

The enthusiasm and energy, which have always driven the activities of ITCK, have made it possible to obtain impressive results in a few short years for its members.

The ITCK also has enabled a wide range of companies and business entities to become directly involved in spearheading new initiatives for bilateral investment and trade.

The presence of ITCK in Republic of Korea has proved to be expanded particularly after signing the EU-South Korea Free Trade Agreement in October 2010.

Analyzing the latest market trends, introducing to appropriate government entity or business partner for collaboration, and serving the interests of both Italian and Korean partners are, but not limited to, the goals that drives ITCK.

## MESSAGE FROM THE AMBASSADOR OF ITALY

**H.E. EMILIA GATTO**  
for the ITCK Membership Directory

Italy and Korea are two like-minded Countries, and are indeed much closer than one could expect, sharing not only common profound values but also a very similar approach to life and a sort of reciprocal attraction. That is why our two Countries have been excellent economic partners for decades and bilateral trade has since the beginning shown a constant upward trend, even across difficult global economic conjunctures.

In the challenging year of 2023 Italy and Korea managed to keep high numbers in bilateral exchange, with Italian export to Korea totaling 8.3 billion USD. Korean exports to Italy were also very substantial, scoring 5 billion USD. The total trade is equal to about 13.3 billion USD. In particular, Italy represents the 16th exporting country to Korea (the same position as 2022). In Europe, Italy is preceded only by Germany (8th), while it precedes France (17th), the Netherlands (18th) and the United Kingdom (27th). Italian exports are mainly driven by the sectors of fashion and textile products, machinery, food and beverage products.

As a matter of facts, not everybody knows that Korea represents the first Asian market for per capita value of Italian exports, ahead of China, Japan, India and Singapore. Korea also represents the third largest market in Asia in absolute value only after the PRC and Japan, as well as fifth largest non-European market. Korean market is gradually reaching the value of the Japanese market (the absolute value of Italian exports to Korea is equal to almost 90% of those to Japan), despite the Japanese population being 2.5 times that of Korea.

In 2023 the Embassy of Italy in Korea and the ITCK, together with the Italian Trade Agency in Seoul, continued to make joint efforts in order to organize large economic and trade initiatives, aiming at offering further occasions to strengthen business relations between Italy and Korea in many different sectors. Within this framework, ITCK has played an increasingly dynamic and successful role, as it was the case during the last edition of the World Week of Italian Cuisine, where ITCK commitment was instrumental.

On such promising bases, we have a thrilling year ahead of us, because in 2024 we celebrate the 140<sup>th</sup> anniversary of diplomatic relations, with programmed initiatives aiming at further consolidating our longstanding friendship.

In the economic sector, the most meaningful event of the celebration will be the first Italian-Korean Business Forum, to be held in Seoul in the second half of 2024. I am confident that with the contribution of ITCK to the joint effort of the Italian Team in Korea, the Business Forum will open a new brilliant chapter to our economic and commercial partnership, surpassing previous achievements and capturing the attention of an even larger audience.

I wish the best of success to ITCK, on its way to further consolidate its role as a key bridge between the Italian and the Korean business communities and I encourage all relevant Italian and Korean firms in Seoul to join the group!

*The Ambassador of Italy Emilia Gatto*

## MESSAGE FROM THE PRESIDENT

**Mr. Andrea Verazzi**  
for the ITCKK Membership Directory

*Dear Members and Friends,*

I am grateful for the opportunity you gave me to assume the presidency of the ITCKK in 2023. It has been a great honor, and I am fully committed to fulfilling this responsibility with the utmost dedication. I deeply value the trust placed in me and am eager to contribute to the organization's success.

In 2023, the Italian Chamber of Commerce in Korea (ITCKK) significantly expanded its activities following the long period of pandemic limitations. The primary focus of the year was to strengthen relations between Italy and Korea at both institutional and private levels and to reinforce our membership base.

Throughout 2023, ITCKK confirmed its unwavering commitment to supporting Italian companies venturing into the Korean market. We provided personalized assistance, tailoring our services to the unique needs of each company. This commitment extended to both Korean and foreign companies with operations in South Korea, further solidifying our role as a trusted partner in the business community.

I would like to warmly welcome Her Excellency, the Italian Ambassador Emilia Gatto, who recently assumed her role in South Korea. Since her arrival, she has shown steadfast support for all the Chamber's initiatives. My deep appreciation also goes to all the Embassy staff, as well as to the Italian Trade Agency (ITA), for their unwavering support. I eagerly anticipate our continued collaboration within the so-called "Sistema Italia." Furthermore, I extend my gratitude to all the Italian Chambers and Government Institutions for their invaluable guidance.

Finally, I wish to express my sincere appreciation to our dedicated and growing membership base. Your satisfaction remains our highest and overarching priority.

Wishing every member of our esteemed Chamber a year of prosperity and success in 2024. We are incredibly excited about the diverse range of activities and initiatives you are bringing to the table, and we are committed to further enhancing our support for all the endeavors of our valued members.

Let's work together to make 2024 a year of outstanding achievements and collective success.

Here's to a year of growth, opportunities, and triumph for all!

ITCKK: Italy & Korea, closer than ever.

*ITCKK President  
Andrea Verazzi*

## MESSAGE FROM THE SECRETARY GENERAL

**Mr. Jacopo Giuman**  
for the ITCKK Membership Directory

*Dear Members of the Italian Chamber of Commerce in Korea,*

I am writing to extend my heartfelt gratitude and profound honor for the privilege of serving as the Secretary General of the ITCKK for the past five years. It has been an incredible journey, and I am deeply thankful for the opportunity to have worked alongside such a distinguished and dedicated community of professionals. Together, we have witnessed remarkable growth and resilience within our organization, overcoming numerous challenges along the way.

I would like to take this opportunity to reflect on the year 2023 and express my sincere appreciation for the positive developments and new initiatives that were undertaken during this period.

Looking back on 2023, I am particularly proud of our collaboration with the Consorzio Tutela Vini Valpolicella and the Consorzio Tutela Prosecco DOC. These partnerships have proven to be a valuable opportunity for Italian wine enterprises to expand their horizons and connect with South Korean wine importers, thereby strengthening bilateral trade relations.

One of the Chamber of Commerce's most noteworthy activities in 2023 was the institutional mission organized for the Sardegna Film Commission. The main objective of this collaboration was to organize networking events with potential South Korean investors in the audiovisual and videogame sectors to strengthen bilateral relations and promote business opportunities between the two countries.

Furthermore, the Italian Chamber of Commerce revived and enhanced some of its established initiatives. One is the Italian Food Festival, a highly anticipated event that continues to enthral attendees with a diverse range of authentic Italian cuisine and cultural experiences. The ITCKK Gala Dinner provided an effective platform for networking and celebration, reinforcing the bonds between our members and the Italian and South Korean business communities.

I would like to express my gratitude and extend a special thanks to Ambassador of Italy to Korea H.E. Emilia Gatto, who has been providing invaluable support to the Chamber, along with the entire embassy staff, since assuming her current role.

Moreover, I extend my heartfelt appreciation to ITCKK President, Mr. Andrea Verazzi, and the Board of Directors members. I am confident that their steadfast dedication will propel the Chamber to new, important heights, even in 2024.

Looking towards the future, I am optimistic and excited about upcoming projects and events. ITCKK remains staunchly dedicated to promoting business opportunities, providing advisory services, and facilitating networking for Italian and South Korean businesses. With the encouraging trend of bilateral trade, further boosted by the 140th-anniversary celebration of diplomatic relations between Italy and South Korea and the continued support of our esteemed members, we anticipate witnessing more growth and success in 2024.

I express my gratitude for your continuous support and look forward to collaborating with you to strengthen the ties between Korean and Italy. Your unwavering support is paramount to the success of our work at ITCKK, and I am eager to continue working together to achieve our shared goals.

Best regards,

*Secretary General  
Jacopo Giuman*

## Invest in Italy

*Historically speaking,* Italy has not only played a determining role in the development of the Mediterranean region but in the XV-XVI century also founded a whole new way in which the Europe perceives the world and itself, giving birth to an essential cultural movement famously known as "Rinascimento" or Renaissance.

During that period, Italy and Europe opened themselves to the "new world" with the discovery of America. In doing so, they boosted their economies thanks to the intensification of international commerce and trade. Moreover, Italy has historically played the role of "bridge" between the East and the West, becoming the first western country to establish commercial relations with China and other eastern countries. Italian international trade sector has developed throughout the centuries, thereby building solid basis in international commerce and allowing the country to become an elite competitor with first-class products.

Today Italy is also renowned all over the world for its brands, frequently ranking first in all the productive sectors. In terms of commerce, the main sectors of the Italian economy are light manufacturing, transportations, agriculture, energy and tourism.

The Italian economy is based on a considerable number of small and medium enterprises, which guarantee the highest quality implied by the "Made in Italy" concept.

## Invest in Republic of Korea

According to the UNDP's 2023/24 Human Development Report released in March 2024, South Korea's Human Development Index (HDI) stood at 0,929 , putting the country in 19th place, or up one notch from the previous year.

*The Republic of Korea* is a highly developed country with a high-income economy and a high Human Development Index (0.93), ranking 20th in the world(2023).

As a member of OECD since 1957, the ROK has constantly recorded positive results in recent decades. South Korea is the 4th economic giant of Asia and the world's 10th economic power with an annual GDP Growth Rate of 2.1% (2022).

The primary exports of the country are electronic integrated circuits, refined petroleum oils, cars, automobile parts or accessories, and recorded media(2022).

With more than 522 billion dollars of exports, the Republic of Korea is ranked 7th among world's exporters and represents an excellent commercial partner for Italy(in 2021, the total commercial trade between the two countries reached about 11.14 billion dollars).

Thanks to the Free Trade Agreement with the European Union, the Korean market is an optimal growth opportunity for Italian entrepreneurs and exporters.

## ADM Srl - LATTERIA DEL CURATINO

Mozzarella Concept

### Activities

The business idea was born in 2013 from two businessmen from Campania, Antonio Petrosino and Michele Ponticelli, owners of the PCA-Comat (<http://www.comatonline.com/>), a multinational active in the sector of the production of machineries for dairy products, and Podere dei Leoni (<http://www.poderedeileoni.com/>), producer of dairy products which are distributed all around the world. Both the companies have been present on the international market for 25 years.

People from Campania, going around the world, sometimes miss something good, a fast and fresh snack: mozzarella! Mozzarella could even be found at the supermarket, left in the fridge without the awareness of its real taste and the right temperature to serve it. From these considerations, the idea of realizing stores which could offer a "just made, fresh and pure" product was born.

# CONME Trattoria

Restaurant

## Activities

Conme is the second Italian restaurant opened by Chef Byeong-jun Choi of Osteria Secondi, and located a minute walk away from his first restaurant. Conme is a dining with the theme of Pasta fresca & Natural wine.

When you enter the restaurant, you can see the open kitchen right away, and there are tables on the right side of the kitchen.

Conme bakes homemade bread and makes pasta every day. So every early lunchtime restaurant is full of savory baking smells and you also can watch chefs making fresh pasta using only organic wheat, semola and eggs. Currently has 8 types of pasta menus (Rigatoni, Spaghettiini, Penne, Ink Linguini, Linguini, Agnoriotti, Gnocchi, and Cabatelli), and salads, antipasti, steaks are also available.

Conme considers the healthy life of guests with a comfortable and cozy vibe. Like Osteria Secondi, it has over 100 kinds of wine lists, but more focused on natural wines. The list of natural wines is changed and added periodically. Conme is available for both reservation and walk-in.

# Creativa

Importer and distributor

## Activities

Creativa was founded by Gionatan Tarchi in 2016 after realizing the lack of a specialized importer and distributor in the South Korean Ho.Re.Ca. market.

Creativa specializes in sourcing all edible truffles, mostly from the central regions of Italy, with the Umbria region being our primary source.

We are not solely focused on providing the best truffles, but also on ensuring that we never run out of this delicate and rare product. Our customers can always rely on us to have fresh truffles available to enhance their dishes.

Depending on the concept of each restaurant, we can advise and provide appropriate consulting on which truffles to use and how to incorporate them into your cuisine.

Truffles, due to their rarity, are very difficult items to deal with. We handle the ups and downs for you; just enjoy the fragrance and aroma.

Scooper Gelato

Gelateria

Activities

Scooper gelato is a gelateria run by Cha Sanghyuck Gelatiere.  
The mutual name Scooper has two meanings.  
First, it's the one who floats the literal gelato.  
Second, the person who provides the top news sense means that Scooper makes the best gelato and provides it to guests.

Cha Sanghyuck Gelatiere learned gelato in Italy. He loves Italian culture and people and has a good understanding of Italy.  
The menu at Scooper gelato includes traditional dishes such as pistachio, hazelnuts and strachiatella, as well as dishes made with Korean characteristics such as mugwort rice cakes and black sesame seeds.  
The traditional Italian menu uses Italian ingredients to make it more Italian, and fresh fruits and ingredients are carefully crafted from gelato and sorbetto.  
Since 2016, we have been running gelateria stores and have been working to create the best gelato for 9 years.  
In the future, we will do our best to satisfy the traditional taste and new taste at Scooper gelato.
